REHOBOTH BUILDING PROJECT

Beloved in Christ!

It is not just an honor and privilege but a directive to be in Doha and for you to be reading this instruction you are reading now!

Glory to God!

In 2021 by God's Grace, God instructed me to buy 9 plots of land for the ministry with my money. I even took a loan from the bank to complete the money I had just to make this happen. And we got the land to Gods Glory!

On the 29th of December, 2023, the Lord again instructed me to go and clear the land and do the ground breaking on the 1st of January, 2024. I simply obeyed.

God raised 14 women to start this big project and it has gotten to the roofing stage!

In this Auditorium we have

- Hannah's Altar
- Spiritual Antenatal Clinic
- Rebekkah's Altar
- Samuel's Altar
- Isaac's Altar
- Leadership Training/Board Room
- Wailing Altars for the widows
- A therapeutic counseling session
- The main Auditorium
- My office
- Pastor's Office
- Chioma's Kitchen
- Children's Department
- 15 Rest rooms for male, female, children
- Gate House
- Generator House

This auditorium will be a rallying point for nations as everything listed were by divine revelation!

As it stands now, A lot is needed to complete this house of God called REHOBOTH

We need 2000 chairs at #20,000 for one chair.

Each of these rooms would need #4 - 5m each to complete - tiles, POP, Paint, lectans and lights. You can choose to take up an alter in form of a room!

We need musical equipment, streaming equipment, cameras and LED Flat screens, Air Conditioners (Split Unit), Generator.

The main Auditorium needs to be rugged too!

Whatever amount that God lays in your heart to support us with, will be greatly appreciated.

REHOBOTH Building is the land of fruitfulness, land of Refuge, Land of prosperity! Land of Hope!
